

## **DIOCESAN THEOLOGIAN REPORT**

**2012**

The main purpose of my role is to encourage theological study and reflection among both clergy and lay people throughout the diocese. I am applying myself to this challenge in four ways:-

1. Studies and seminars delivered within parishes and wider diocesan groupings.
2. Online teaching through my website [www.waiapuacademy.org](http://www.waiapuacademy.org).
3. Personal one and small group support of those engaged in academic theology.
4. Inviting others to join me in reading and reflecting within my own areas of current theological interest.

Given current constraints of funding and demand, some of these are proceeding with more vigour than others. However I am open to persuasion and creative proposals!
